IN COLLABORATION WITH

IEEE COMPUTER SOCIETY & IEEE MANGALORE SUBSECTION

SINGULARITY // 2026 // MANGALURU

SINGULARITY

24 - HOUR NATIONAL - LEVEL HACKATHON

Driven by code, defined by innovation.

EVENT DATE

25-26 SEP 2026

LOCATION

Mangaluru,
Karnataka

DURATION

24 Hours

// WHY SINGULARITY?

WHAT IS SINGULARITY?

Singularity brings students from different colleges together to build real projects in 24 hours — not toy demos, not slides-only pitches. Real industry problem statements, mentors on the floor, and a hard deadline that turns ideas into working code.

TEAMS	PARTICIPANTS	COLLEGES	DURATION
30	120	100+	24HRS

// WHAT MAKES IT DIFFERENT

01

Build fast

24 hours of non-stop hacking, fuelled by caffeine, code, and community.

02

Real problems

Pick a track that matters and build something the world actually needs.

03

Connect

Network with peers from 100+ colleges, mentors, and industry professionals.

04

Win big

Over ₹60,000+ in prizes across multiple tracks, plus internships and industry access.

// WHO IS IT FOR?

B.E. / B.TECH

M.TECH

BCA

MCA

B.SC. COMPUTER SCIENCE

M.SC. COMPUTER SCIENCE

Open to all UG and PG students in the streams above — first-time hackers and seasoned builders alike.

// THE SINGULARITY EXPERIENCE

WHY COMPETE

Not a pitch competition — 24 hours of building, with the people and the pressure that make things actually ship.

// 01

Real-world problems

Industry problem statements, not toy projects.

// 02

Direct mentorship

Industry mentors on the floor with you, not on a call.

// 03

Multiple tracks

Play to your strengths across the AI frontier.

// 04

Ship, don't just pitch

You're judged on working code, not slides.

// 05

24-hour immersion

One deadline, full focus, no half-measures.

// 06

Your way in

Internships and industry lines for standout teams.

// BEYOND THE HACKATHON

Top teams aren't just winning prizes — they're getting direct lines to internships and industry mentors who can help take their projects further.

// COMPETITION TRACKS

HACKATHON TRACKS

Three core tracks across the AI frontier. Exact problem statements are revealed on the day — come ready to build in any of these domains.

01

Coastal Intelligence

Explore AI's potential in protecting and monitoring our oceans. This track challenges you to tackle critical issues in marine ecosystems and coastal environments.

MARINE AI

SUSTAINABILITY

OCEANOGRAPHY

02

Supply Chain Intelligence

Dive into the complex world of global logistics. This track focuses on leveraging data and AI to solve challenges in forecasting and optimization.

LOGISTICS

OPTIMIZATION

FORECASTING

03

Industrial Intelligence

Step into the future of manufacturing. This track challenges participants to find innovative ways to apply AI in smart automation and industrial processes.

AUTOMATION

PREDICTIVE MAINTENANCE

SMART MANUFACTURING

// TEAM DYNAMICS

HOW TEAMS ARE BUILT

PLANNED MODEL**4 per team**

Frontend, backend, design, and data — one seat each.
Capped at 10 teams for high-touch mentorship, roughly 1 mentor per 5 teams.

CURRENT REGISTRATION**2–4 per team**

Cross-college teams welcome. Apply with whoever you've got — the 4-role split is a guide, not a requirement.

// HOW WE JUDGE PROGRESS

Three check-ins keep every team on track and unblock technical issues early. See the schedule on the next page for exact timings.

A**Is it buildable?**

We look at your stack and plan — a 24-hour project, or a 6-month one?

B**Show us the code**

Halfway point. We check your logic and how much of the core feature actually works.

C**The demo**

No slides-only pitches — live demo, and how it handles edge cases.

// EVENT TIMELINE

24-HOUR TIMELINE

DAY 1 // SEP 25

08:00	LOGISTICS	Registration & Breakfast
09:00	HACK	Brainstorming & Initial Setup
09:30	CEREMONY	Inauguration Ceremony
10:00	HACK	Official Hackathon Begins
10:00	HACK	Development Continues
13:00	SOCIAL	Lunch Starts
14:00	MENTOR	Development & Mentor Interactions
16:00	JUDGING	Phase 1 Evaluation
17:00	SOCIAL	Coffee & Snacks Distribution
17:00	HACK	Development Continues
20:00	SOCIAL	Dinner Starts
21:00	JUDGING	Phase 2 Evaluation
22:00	MENTOR	Development & Mentor Support

DAY 2 // SEP 26

01:00	SOCIAL	Midnight Coffee Distribution
01:00	HACK	Overnight Development
07:30	SOCIAL	Breakfast Starts
08:30	HACK	Final Development
10:00	DEADLINE	Hackathon Ends
10:00	JUDGING	Final Evaluation
11:45	LOGISTICS	Overall Calculation
12:00	CEREMONY	Valedictory Function
13:00	SOCIAL	Lunch Starts

// WIN CASH. GET GLORY.

PRIZES & REWARDS

Over ₹60,000+ in cash prizes, plus custom domains, mentorship, and a straight line to internships.

GRAND PRIZE

₹60,000+

+ Trophy + exciting swags + 1-to-1 mentorship

INDUSTRY MENTORSHIP

FAST-TRACK INTERVIEWS

MEDIA & PROJECT EXPOSURE

CERTIFICATE OF EXCELLENCE

PER TRACK

₹20,000+

Track winner — recognition and reward for the best project in each track.

BEYOND CASH

Custom domains

Free custom domains for the top 10 teams, plus exclusive swag for every participant.

NETWORK

Connect & collaborate

Meet fellow builders, mentors, and industry professionals.

CAREERS

Internships

Direct lines to companies exploring internship opportunities.

// TEAM REGISTRATION

APPLY WITH YOUR TEAM

Build with your team. Apply before the deadline — applications are reviewed for eligibility, technical background, and resume quality.

ELIGIBILITY

B.E. / B.TECH

M.TECH

BCA

MCA

B.SC. CS

M.SC. CS

Open to all UG and PG students. Teams of 2–4, including cross-college teams.

SCREENING**Resume-based review**

Selection is based on team resume and relevant technical background. GitHub and LinkedIn profiles may be reviewed. No prototype, PPT, or idea submission is required at this stage.

RULES

Each team registers with accurate member details. Teams adhere to the event code of conduct, and all members must be available for the full event timeline.

Kickoff: 25 September 2026

Shortlisted teams are notified after the review process.

// DESIGNED FOR DEVELOPERS

BUILT FOR 24 HOURS

A hackathon needs more than a venue. The floor is set up so every team can stay heads-down for the full 24 hours.

Volunteer support

Trained volunteers on the floor for anything from WiFi issues to food distribution.

High-speed WiFi

24/7 connectivity with backup routers for uninterrupted development.

Power at every desk

Extension boards and strips so no team is ever hunting for an outlet.

Sponsor / Expo Booths

Dedicated space for sponsor and partner booths across the floor.

Participant kits

Goodies and merchandise handed out at check-in for every participant.

ID cards & lanyards

Printed ID and lanyard for every attendee, issued at registration.

Guest accommodation

Rooms arranged for mentors, judges, and visiting guests.

Networking lounge

A dedicated space with seating to meet mentors and fellow builders.

Food & refreshments

Meals and snack breaks scheduled through both days and the overnight stretch.

Auditorium venue

Main hacking venue with stage setup for ceremonies and evaluations.

Emergency & rest

Dedicated rest space and first-aid support available through the night.

Campus shuttle

Scheduled shuttle runs between Statebank and campus for guest convenience.

SYS.PROMPT // READY?

READY TO BUILD?

24 HOURS. 3 TRACKS. ₹60,000+ IN PRIZE MONEY. NO EXCUSES.
